The regulation by the Ministry of Economy, Energy and Business Environment on issuance of the Certificate for emergency situations (“CES”) has been adopted through Order 791/2020 relating to the granting of emergency certificates to the economic operators whose activity is affected in the context of SARS-CoV-2 pandemic published on 25 March. The order sets the framework for the concept introduced through the Presidential Decree imposing the state of emergency and then further regulated through Emergency Government Ordinances no. 29/2020 and no. 30/2020. As of 14 May 2020 the state of emergency in Romania has ended, and on 18 May a state of alert was instituted.

Therefore, given that Order 791/2020 in its initial form provided that CES can be issued only during the state of emergency, on 20 May the Ministry of Economy, Energy and Business Environment issued Order no. 1730/2020 amending Order 791/2020 with the aim to provide the necessary legal framework for CES to be issued also during the state of alert, until 15 June 2020. The updated electronic platform required for the issuance of CES after 15 May 2020 it is expected to be functioning within 5 days as of publication of Order 1730/2020 in the Official Gazette.
